Durable Medical Equipment Prosthetic, Orthotic Supplies (DMEPOS) Suppliers

2025 Coding, Coverage, and Medicare Payment for WoundPro™ and WoundPro+™ Negative Pressure Wound Therapy (NPWT) Durable Medical Equipment (DME) System

Coding

When a physician or other qualified healthcare professional (QHP) submits a complete signed standard written order for a NPWT DME system for the Medicare Part B-covered patient's use at home, the DMEPOS supplier furnishes the ordered items. Then DMEPOS supplier reports the NPWT DME pump (E2402), the wound care set (A6550), and the canisters (A7000) on the claim to the appropriate Durable Medical Equipment Medicare Administrative Contractor (DME MAC.
See the Table for exact code descriptions.

Coverage

The DMEPOS suppliers, as well as the physicians/QHPs who order the NPWT DME systems for their patients should read and follow the Negative Wound Therapy Pumps Local Coverage Determination (LCD) L33821,[i] and the Negative Pressure Wound Therapy Pumps Local Coding Article (LCA) A52511,[ii] which specify the 1) documentation that should be in the beneficiary's medical record to support medical necessity and 2) utilization guidelines for use of the device by the beneficiary at home. They should also read and follow the Standard Documentation Requirements for All Claims Submitted to DME MACs (A55426),[iii] which provides excellent guidelines for writing complete orders, documenting to meet all DME requirements, coding correctly, and complying with signature requirements.

Payment

The 2025 DMEPOS Supplier Fee Scheduleiv lists each state's allowable rate for E2402, A6550, and A7000. See the Table for exact code descriptions. The DME MAC should pay 80% and the beneficiary or her/his secondary insurance should be responsible for 20% of the DMEPOS allowable rate in the state where the patient lives.

Product Code	Code Description
A6550	Wound care set, for negative pressure wound therapy electrical pump, includes all supplies and accessories
A7000	Canister, disposable, used with suction pump, each
E2402	Negative pressure wound therapy electrical pump, stationary or portable
